

## STANTON

Misses Lillie and Maud Boone spent Saturday and Sunday with Miss Anna Welch at Rosslyn.

Mr. Thos. Boone, of Winchester, was here this week looking after a contract job at the Court House. A sanitary lavatory is being put in and other greatly needed improvements.

Mr. Dave Lucas and his father, of Lee county were here two days this week looking around for a place to buy. It is very probable that they will move here in the near future. Mr. Lucas will open up a barber shop and take pictures on the side. We are always glad to welcome such good citizens to our midst.

Miss Anna Clark spent Saturday and Sunday with some of her school mates at Filson, Nada and Natural Bridge.

Mr. Bettie Hardwick will go to Winchester Saturday to attend the hallow'en party of Jack and Teddy Hardwick.

Dr. J. E. Lemming and I. W. Johnson were in Lexington one day this week on business.

Dr. Johnson was called to Filson Saturday to see a sick person. We did not learn who it was.

Rev. Sherman Robbins, of Hatton Creek, came home Monday from Rowan county. He is the Evangelist for that section of the country and spends most of his time on the field.

The entertainment at the College last Friday night was fine. We hope that the students will give more such Shakespearean plays. A good crowd was present.

Paul Derthick attended the Kentucky Sunday School Association Convention at Lexington two days last week, and also heard the famous physician Dr. Howard Kelly, of John Hopkins University deliver an address. He also spent three days in Morgan county in the interest of his Sunday school work.

Mr. Virgil Atkinson, of Beattyville, was here Sunday visiting with his many friends.

Mr. and Mrs. Ah. Hall, of Montgomery county, motored over to Stanton Sunday and visited with their many friends and relatives.

Hon. L. L. Bristow, of Georgetown, and candidate for the short term as Senator on the Republican ticket, will address the voters of Stanton on Saturday, at the Court house. Let us all come out and hear this man who is making a great fight to beat the Hon. J. C. Cantrill, also a candidate for the same office.

Am I my brother's keeper? Yes, you are; your own keeper, and your brother's. There are two, and only two conceptions of human life, yourself and others. You can be so narrow that you can only think of "me and my wife, my son John and his wife, us four and no more," or you can think in terms of BROTHERHOOD. Each for all and all for each. When we can widen our vision of humanity and see that there are others besides ourselves then we will catch the meaning of those words. The strength of the nation is in the individual, and the strength of the individual is in the nation, or as Kipling has put it, "The strength of the pack is in the wolf, and the strength of the wolf is in the pack." You are strong in the strength of your brothers, and your brothers are strong in you. Christ not only lived among men, but he lived for men. He lived his life for others. His was no selfish life. He proclaimed the truth that every man is a keeper of his brother when he said, "Thou shalt love thy neighbor as thyself." It is the business of the strong to see that every child has a chance, that every man has a chance. It is our business to see that nothing is placed in the way of weak men or young people that will hinder their chance in life. It ought to be the mission of the State to make it hard for a man to do wrong and easy for him to do right. And it is hard for a man to keep right when the voters send a man to Congress or to the Legislature that we know will help keep the liquor traffic in power. We never can expect to make splendid men and women, when we allow such a destructive institution to exist in our community. Yes, you are your

brother's keeper. You must live for other's as well as yourself. You must fight for your neighbor's home as well as for your own. "The strength of the wolf is in the pack and the strength of the pack is in the wolf." Thou shalt love the Lord thy God with all thy heart, with all thy mind, with all thy strength and with all thy soul. And thou shalt love thy neighbor as thyself.

The writer acknowledges with many thanks the Whitesburg Eagle sent to him for three months by Mr. Ras Houston, of Whitesburg. We are glad to know that Ras is doing well.

Judge W. R. Shackelford, of Richmond, will speak at the court house here on Monday, November 2 at 11 o'clock, in the interest of the Democratic party.

## TO AID GOOD ROADS.

The women's Club, of Morehead, gave a court-day dinner Monday, the proceeds to be devoted to the Good Roads movement. This club is of great benefit to the community and has promised \$50 to the Good Roads, and will raise it by this and similar methods.

## TO "SHOOT" WELLS AT IRVINE.

A large quantity of nitro glycerine has been received at Irvine for the purpose of "shooting" the oil wells there. Storage tanks have been erected and provisions are being made to handle the product.

## FARMERS OPPORTUNITY.

"There is not an acre in Kentucky that won't double in value in the next five years, due mostly to the European war," was the highly optimistic remark of Dr. Fred Mutchler, State agent of farm demonstration work, to a group of men at the Board of Trade rooms while in the city recently.

In Dr. Mutchler's opinion, the European conflagration has given the American farmer the greatest opportunity of his life. He says that the farmers of the United States will be called upon to feed the world for the next three years, and the thinking ones who realize and grasp this opportunity are going to gather in the benefits.

"I have a 258-acre farm in Warren county on which I expect to make \$25,000 in the next three years," he says. "I am going to make it off of live stock. There is no money in cropping; you have to feed it to get all out of the land that is possible." Inland Farmer.

## INJURED WHILE CUTTING CORN.

Howard Cockrell, of Cumargo, was seriously injured while cutting corn at his home, when the knife he was using slipped and cut a big gash in his right leg. Jeff Cooper, of the same neighborhood, also suffered a severe cut in his left hand in the same manner. An artery was cut and he was in danger of bleeding to death for some time.

## WARRANT ISSUED FOR BREATHITT FEUDIST.

A warrant has been issued by Judge Benton, at Winchester, for the arrest of Dock Smith, on a charge of the assassination of Ex-Sheriff Ed. Culbhan, of Breathitt county. After the trial of "Red" Tom Davidson, Judge Benton warned the others connected with the case that he would hold it over them as a guarantee of their future good behavior, and especially warned Smith that his conduct would be watched. He is said to have been creating considerable disturbance in Breathitt lately.

## TALL TOBACCO.

What is believed to be the longest stalk of tobacco ever grown in the State was exhibited at Stanford last week by Mr. R. C. Hepper, who farms close to that city. This tobacco which was a cross between Stand-up and White Harley, was grown on new land, and measured exactly ten feet in height. Ten large leaves of fine texture were taken from the stalk.

## Popular Couple Married Here

Rev. L. F. Mann Performs Early Morning Ceremony For Young People.

Miss Dora Mackie and Mr. O. C. Meecham were married at the home of the bride's parents early Tuesday morning, Rev. L. F. Mann performing the ceremony in his usual impressive and happy way. The bride is the daughter of Mr. and Mrs. O. H. Mackie, and was one of the most charming young ladies of our town. The groom is a well known young fireman on the L. & N. and is very highly spoken of by officials of the road and others who know him. The wedding took place at 6:30 o'clock Wednesday morning and the young couple left on the seven o'clock train for Cincinnati and other points. After a short honeymoon trip they will return to Lexington, where they will make their home.

The Times adds its congratulations to that of a host of friends of the young couple.

## VISITING IN WINCHESTER.

The Misses Broadhead, of Branch Church, Pa., members of the Broadhead-Garrett Lumber Co., will arrive in Winchester Saturday evening for a several days' visit with the family of Hon. H. G. Garrett. In addition to their visit here they will make an inspection of the property purchased in Powell county at a cost of \$100,000, a deal for which was closed last week. The Misses Broadhead are very talented and attractive young ladies and have many friends in Winchester.—Winchester Sun.

Twenty-two earloads of Kentucky horses, about 1,000 head, were shipped Wednesday from Lexington to Montreal, where they will be reshipped to France for use by the French army in the present war. The average price paid for these horses was about \$140 per head.

## SALES SLOW AT CYNTHIANA.

At Cynthiana Monday a fair crowd was in town for county court but very little trading was done. Only 300 head of cattle were on the market and the demand was very slow, prices ranging at from 6 to 6 1/2 for 1000 pound steers. A few mule colts were sold at from \$40 to \$80.

## RAILROAD COACH SHIPPED TO CAMPTON.

The new coach built in the Day shops for the Mountain Central Railroad, a narrow gauge line running from Campton Junction to Campton, was loaded on a flat car Wednesday, and shipped to Campton Junction, where it will be placed on the rails. The car is a very handsome and well built affair, and was designed and built under the supervision of A. M. Burgher, master mechanic of the Day shops here. During the past week or two the coach has attracted a good deal of attention from travelers passing up and down the road and much favorable comment has been made on it. Every piece of metal and woodwork about the coach, with the exception of the wheels, was made in the shops here, and the finished product would be a credit to any plant.

The Court of Appeals at Frankfort has declared void the election of John C. Griffith as jailer of Breathitt county, the charge of fraud being sustained. Former Jailer A. M. Allen, the Democratic nominee, instituted the contest against Griffith, but the latter was upheld in the lower courts, and has been holding the office since January.

## Two Children Die Within Week

Eugene Hackworth Dies After Few Days Illness at the Home Of His Grandmother.

For the second time in seven days, death visited the home of Mr. and Mrs. Arvis Hackworth and took his tribute. One week ago the little daughter, Vernal, aged 5 years died after a short illness of acute dysentery, the funeral taking place last Wednesday at Virden, and Tuesday night the three-year-old brother of the child Eugene, also died, almost 7 days to the minute after his sister. At the time of Vernal's death Eugene was apparently in the best of health, and was, as usual, very active. Friday he was taken ill, and although medical aid was summoned and everything done to assist him, he failed to recover. His death occurred at the home of his grandmother, Mrs. Laura Patton, where he had been staying with his mother, since the burial of Vernal. The funeral took place Wednesday morning at Virden, where he was laid beside the body of his sister, Rev. L. P. Mann officiating at both services.

## Former Citizen Of Powell Pses Away

Mr. Locknane is one of thirteen children of the late Wesley Locknane. With his passing away there are now but two survivors of this large family, Dock Locknane, of Paris, and Mrs. Marion McKinney, of Winchester.

Roberts made the journey without any guard, having been put on his honor by Warden Wells, and he was practically free all the time he was absent from the prison. Judge Hugh Riddell gave Roberts a letter to Warden Wells stating that the prisoner's conduct throughout his stay in Jackson had been of the best.

## MARRIED IN TEXAS.

The following item from the Miami Chief, published at Miami, Texas, will be of interest to many Powell county people, where the bride is well known. The Times joins with those who knew her in extending congratulations and best wishes for a long and happy life.

Last Sunday evening at 6:00 Miss Maude Fletcher and Mr. B. C. Rogers were united in marriage at the home of the bride. She is well known to the people of Miami and surrounding country. She has been on "Hello" girl for several years and we regret very much to lose her.

The Groom needs no introduction to our people as he is well known by everyone.

Bro. Whately performed the ceremony. Those present outside the immediate family were: Mr. and Mrs. Claude Carr, Mr. and Mrs. Glisson and little Ella, Mrs. Glisson's mother, Mr. Frank Elder, Misses Rose Humber and Faye Baram.

After congratulations and the presents were distributed, they went to the hotel where they were covered with rice while waiting for the train which they took for Hoover, their future home.

The Chief joins all in wishing them a long and happy life.

## A BIG APPLE CROP.

The large apple crop this year recommends itself to the consideration of housekeepers. "An apple a day keeps the doctor away." Frequently apples are about as cheap as Irish potatoes. They may be used in a many ways. Their use promotes the health of the family. Apple sauce, apple pies, apple dumplings, crisp apples, baked apples are a few of the table manifestations of the apple. They are only a few. A good housekeeper can make a barrel of apples provide the table with many delicacies. This is the year to make the best of an opportunity to buy at least one useful product at fair prices.

Eat an apple before breakfast, and another before bedtime, and your chances of enjoying uninterrupted good health will be improved. Frankfort State Journal.

## CATTLE MARKETS SLACK.

In spite of the claims of the packers that the high price of meat is due to the lack of home grown beef, and the fact that the price of the market these days, and the prices are continually falling off. Of the 12,000 head that was offered at Mt. Sterling last week, not more than one-third were sold, but still the price of sirloin steaks stays up. Wheat is selling at war prices, despite the fact that a crop of 930,000,000 bushels was raised this year. Speculators grabbed this and the consumer has to pay.

## WHAT IT COST THEM.

## BEE BUSINESS BAD.

Kentucky bee-keepers have just completed gathering the 1914 honey crop. According to the Bureau of Crop Estimates of the United States Department of Agriculture, the yield of colonies of bees was 8 pounds. In 1913 the production per hive was 10 pounds.

The decrease is said to be due to the shortage of the wild flower crop this season.

The latest census figures of the bee and honey industry of this State relate to 1910. That year there were 75,603 farms in Kentucky that kept bees and the total number of colonies was 152,491.

OWNER AND PUBLISHER.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

SUBSCRIPTION RATE—\$1.00 per year in advance.

THURSDAY, OCTOBER 29, 1914.

In his speech here last week Governor Beckham laid particular stress on the fact that the campaign this year is not a local affair, but a national one and it is being fought out on lines that affect the whole country. The president has asked that he be given strong support, and from the success that has attended his administration he should be accorded the support of the entire country. To do this it is essential that a Congress be elected that will fall in line with his plans and pass his bills. To put in a Republican Congress would mean that the President's hands would be tied and he would be unable to carry out his many plans for the betterment of conditions throughout the country. This is not a time to say that you approve of the President's action, unless you are prepared to show by your use of the ballot on Tuesday that you are willing to endorse him. By stamping your ballot under the Democratic Rooster on November 3rd, you can do a great deal to show President Wilson that you believe in him and his methods.

The feeling amongst the Republican leaders in opposing Willson's candidacy for the senate is bitter in the mountains than anywhere else. Although in those districts the republicans in the past, have secured their biggest vote, this year Willson

will be deserted by thousands who voted for him for Governor. It is generally conceded that he is the weakest man his party could have nominated. He can gain no votes from the democratic ranks, the progressives have no confidence in him, and his own party followers refuse to enthuse over his candidacy.

Judge O'Rear's enemy to Gov. Willson has found frequent expression since the beginning of the present campaign. The Judge has not forgotten that Willson refused to support him and he has openly stated that under no conditions would he be for Willson for the senate. In point of fact, there is no danger of "garrulous" being elected. Judge O'Rear would take the stump and urge his progressive and republican friends to vote for Governor Beckham.

## STATE AID FOR ROADS.

At the good roads conference held in Louisville last week the statement was made that on January 1 there will be available approximately \$600,000 of State funds to be used in road construction in counties which do their part by putting up a dollar to meet the dollar given by the State.

One county, Lewis, has taken advantage of the State's generous proposition by voting a bond issue of \$150,000 for the construction of roads. The State Road Department already has approved a contract for the construction of a section of macadam highway in Lewis county, therefore, will be the first county to experience the benefits of State aid.

There are other counties preparing similar bonds. Several of these bond propositions will be voted on at the November election. In counties where to take a vote on the question of State aid is favorable the result will be due largely to the fact that the State is ready to meet counties half-way in the matter of road building. The money which the State contributes is to be applied to highways connecting county-seat towns. It was pointed out by speakers at the conference that the system of roadways

connecting county-seats embraced 6,200 miles, and that this 6,200 miles would accommodate 87 per cent. of the traffic of the State and serve directly about 80 per cent. of the people.

In this way the counties of Kentucky now have an opportunity to do some effective road construction. If it shall become possible, eventually, to use some of the State convicts on the roads, the cost of the work may be reduced, but in the meanwhile there is nothing to prevent the building of some roads by counties which have the enterprise to avail themselves of the State's assistance.

A system of good roads uniting all the county-seat towns would be of inestimable value to the Commonwealth. The counties should not be slow in taking advantage of State aid.

## A DANGEROUS PASTIME.

The first question an honorable man asks when he sees a girl flirting is whether she is a respectable girl or not. You see how it raises doubt at once. This being the case, a modest girl can afford to indulge in this pastime among strangers. When the down is brushed from the peach and the beauty is so marred that it can never be restored, and so

when a girl throws lightly aside that sweet and modest reserve so becoming in maiden, she loses her grandest charm and becomes rather common and cheap. Flirting may seem to the giddy and thoughtless girl to be wonderfully amusing, and she may even get an idea she is quite fascinating, but it is a degrading pastime and should be frowned upon by every young lady who has an ambition to be a worthy and charming woman.
